

# Google Image Generator

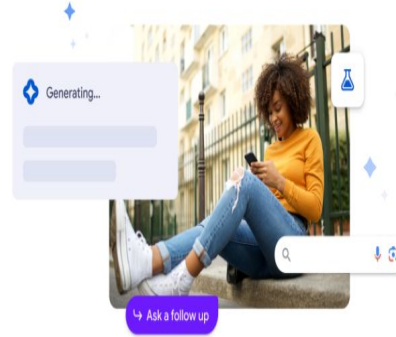

AI rival for Dalle3, Midjourney or Bing Image creator

# How can we use this feature ?

Google recently released a new tool to generate images faster than Midjourney and Dall-E 3.

Step1: **Check Access to Google Search's AI Functions:**

- Go to [labs.google.com](https://labs.google.com) (Use a VPN if it's not available)
- Click "Get started" under Google Search

GOOGLE SEARCH

## Help shape the future of information

Try experimental & AI-powered ways to explore information right in Google Search.
